

BOLARD®

COMPACT FLUORESCENT RESIDENTIAL FITTING

LAMP COMPARTMENT
IP 65

ELECTRIC COMPARTMENT
IP 23

RANGE

Bolard® garden luminaire is suitable for use with 70W HPS, 70W/100W MBI, 80W/125W MBF and FLC 2X18W lamps. You may choose between a 500mm or a 1100mm height.

APPLICATIONS

This is an all purpose landscape light with high intensity light output from low mounting heights.

CONSTRUCTION

Body: the body (tube) is made of extruded aluminium and all the other parts are made of die-cast aluminium.

Reflector: the inside reflector is made of die-cast aluminium and painted white colour.

Diffuser: the diffuser is made of clear U.V. resistant, self extinguishing (V2) and antivandal polycarbonate.

COLOUR

Can be supplied either white or black. The central rim comes in green.

ELECTRICAL

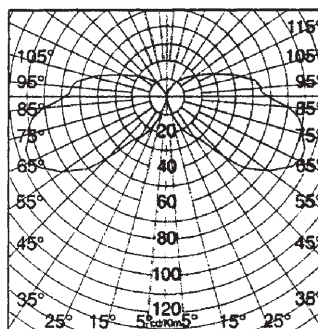

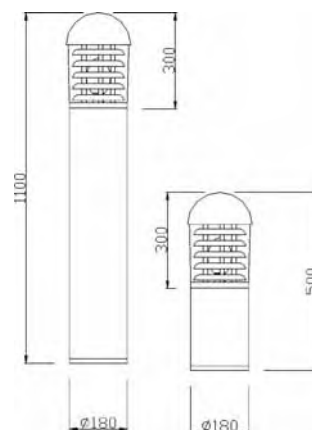

Control gear is rated 230V or 240V 50Hz as standard. A three pole terminal block for mains connection is provided. High temperature silicon insulated conductors are used throughout.

MECHANICAL

A zinc coated plate is supplied to be fixed inside or screwed to the concrete basement. The body could be fixed via three screws to the plate. This hard fixing system guarantees the resistance of the fitting to wind or any outside pressures.

SPECIFICATION

Designed in accordance to the following Standards: IEC 598 - CEI 34-21.

BOLARD 80 W MBF
